

Webcam Instructions and Passwords

Your tuition includes the use of our webcams. Our webcams run 24 hours per day and also have an archive feature allowing you to review the video for seven days. There are two cameras in each room and you may access all four cameras.

Log on: <http://www.internetvideorecorder.net/>

Enter your user name and password (see below)

Choose *all cameras*

Choose *live view*

Choose the camera you wish to view (1 and 3 are the infant room, 2 and 4 are the toddler room)

If you wish to view an archive click on the archive button at the bottom of the page, on the next screen you can choose the day you wish to view. On the next page you choose the time you wish to view. Use the navigation bar under the video to play, fast forward (each time you press the button it gets faster), reverse, etc.

If you have any trouble you can talk to Bonnie or contact the webcam company. At the present time due to a technical issue at the webcam company's end, the video does not work if you have Internet Explorer version 8.
